About Our Courses...

Weekend Tuition Courses (max 15 delegates)

All areas of the syllabus comprehensively explained.

We will teach you the content of the CIMA syllabus comprehensively, illustrated through exam standard questions and examples. All course prices include a course study manual, question practice exam kit, homework guidance, marking of questions submitted and 7 days a week study support from your tutor.

Standard Revision Courses (max 15 delegates)

Revisit key areas of the syllabus, practice vital technique to maximise marks when answering exam questions and receive hot tips and guidance.

Using past CIMA examination questions, your tutor will demonstrate sound examination technique and help develop an effective strategy to pass your exam. All course prices include a course study manual, question practice exam kit, mock exams to be submitted and 7 days a week study support from your tutor.

Mock Exam Days (max 10 delegates)

Exam test drive real exam conditions with feedback to boost your exam performance.

This one day course includes the completion of a mock exam under timed conditions.

Your tutor will then demonstrate and explain in detail the solutions and how to approach exam questions in order to maximise marks. Your mock exam will be marked and returned to you with an assessment of your performance and how to improve.

FREE Workshops (max 20 delegates)

Model answers to the CIMA exam papers in the last sitting are demonstrated and discussed in detail by your tutor and copies made available on the day. The tutor will also cover how exam scripts are marked and illustrate vital exam technique to help improve your exam performance.
