Customer Comment

“Having started my CIMA studies in 2013 at the beginning of the certificate level using Kaplan, I sadly didn’t discover the Acorn Live team until I reached the Operational Level. I instantly found their Study Manuals easy to read and follow and combined with the exam practice kit provided lots of question practice which in my opinion is critical to exam success. I am now halfway through the Strategic level, having passed every exam at the first attempt and still using Acorn as my main provider of home study materials. Their ICS exam practice kit was by far and away the best offering I found, and again the extensive number of practice questions helped improve my confidence in the exam itself. My greatest achievement to date has been receiving a certificate from the CIMA Global President at an awards dinner last week for placing 2nd in the Management Case Study within the South East of England Area”.

“I am off to a CIMA high achievers event in a couple of weeks due to my high result in the August Management Case Study, of which I must thank you for the top tuition! I got 125 out of 150, so not massive but obviously good enough to warrant a reward! An all singing and dancing dinner at a restaurant much above my class!”

“Some great news! I passed my Strategic Case Study Exam!! Just want to thank you all so much – It's been a really long, tough road but I honestly couldn't have done it without you. I really appreciate everything from the bottom of my heart! Please let me know if you are thinking of having a re-union at any point with students it will be great to catch up with you again. Yes it is easy to say now, I was a nervous wreck yesterday morning though, ended up with 110 out of 150 as my score.”
